

CHANGE IN SERVICE ANNOUNCEMENT!

In response to community spread of the coronavirus and to comply with increased mitigation advisories from the City of McHenry and the State, starting **Wednesday, November 18**, the McHenry Public Library is returning to **Curbside Service ONLY**. **Limited technology appointments will be available***. These two services will be offered simultaneously during our updated hours of **M-W-F-Sat 9-5; T/Th 11-7**.

*TECHNOLOGY APPOINTMENTS

Contact us no more than 2 days in advance to make a 30-minute appointment to use a public computer, printer, copier, scanner or fax. Call, use our online chat or email us to schedule an appointment.

CURBSIDE PICKUP -- BY APPOINTMENT ONLY

There will be no inside browsing. Instead, place items on hold with your library card. You'll receive a notification when they're ready. Contact us to make an appointment for pickup. You can also pick up program supplies via curbside. **NEW** -- enter from the south so that you can return your items first, then pull up to the front doors so that your *driver's side* is towards the building, not the parking lot.

VIRTUAL PROGRAMMING

We're bringing the library to you! Join us online – we have something for everyone. Find the online Events Calendar on our website.

OUR DIGITAL LIBRARY IS ALWAYS OPEN

Access hundreds of free online resources 24/7, including e-books, e-magazines, downloadable videos, music and audiobooks, databases and more. Visit our Digital Library on our website.

REMOTE PRINTING USING CURBSIDE PICKUP

Send a document to print using the remote wireless printing link on our website under "Special Resources." Make a curbside pickup appointment to retrieve your documents.
